

NO ADULTS ALLOWED!

JUST FOR ANIMAL FACT MATCH KIDS

1. Though it likes to snooze in the sun during the day, this mammal is actually named for the white to orange U-shaped patch on its chest.

2. These mammals live in troops, with both the mothers and fathers helping take care of the babies.

3. This mammal walks on its tiptoes. The flat bottoms of its feet are formed by fatty tissue.

4. This mammal's sound can be heard from a mile away!

**The animals are all mixed up!
See if you can help them by matching
each animal with the correct fact.**

WILD ANIMAL FIND!

CAN YOU FIND ALL FOUR MANATEES?

Discover all of the exciting conservation work that is going on at AZA-accredited institutions in the special 2009 digital edition of AZA's CONNECT magazine at www.azaconnect.com.
