**US Companies who are RSPO Members**

Body Shop	Nestle
Cadbury	PepsiCo
Colgate-Palmolive	
ConAgra	SC Johnson
Henkel Kga	Sun Products
Kelloggs	Unilever
L'Oreal	
Seventh Generation	

**Make a Difference for Wild Orangutans**

**The choices you make when you shop can affect orangutans!**

- Palm oil (or palmitate) is found in MANY foods and products, including frozen dinners, candy, cookies, soap and cosmetics.
- When palm oil is produced NON-sustainably, many orangutans perish each year, due to clear-cutting of rainforests, and uncontrolled burns.

**BOYCOTTING PALM OIL IS NOT THE SOLUTION...**

---

- When palm oil is produced **sustainably**, it is very important to the livelihood of millions of people in Borneo and Sumatra.
- Oil palms are highly productive: one acre of oil palm produces 5-10 times what an acre of soy or corn produces. So palm oil can be a "green" source of vegetable oil but **ONLY IF** it is produced **sustainably**.
